

Permit Category	2024 NYS Test Name	2025 NYS Test Name
Bacteriology	Gram stains	Gram stain
	Group A Streptococcus direct detection	Antigen ID of Group A Streptococcus
	C. difficile antigen	Antigen ID of gastrointestinal pathogens (bacterial)
	Chlamydia/Neisseria gonorrhoeae by direct detection	Antigen ID of genital pathogens (bacterial)
		Antigen ID of meningitis pathogens (bacterial)
		Antigen ID of urinary pathogens (bacterial)
		Bacterial toxin
	Molecular ID of blood pathogens (bacterial) Molecular ID of gastrointestinal pathogens (bacterial) Molecular ID of genital pathogens (bacterial) Molecular ID of meningitis pathogens (bacterial) Molecular ID of respiratory pathogens (bacterial) Molecular ID of urinary pathogens (bacterial) Culture ID of bacteria Susceptibility (bacterial) testing (AST)	No change
Mycology	Cryptococcal antigen detection	Antigen ID of fungi
	Culture ID of fungi Molecular ID of fungi	No change
Mycobacteriology	Susceptibility (mycobacteria) testing	Discontinued
	Acid fast smears Culture ID of mycobacteria Molecular ID of mycobacteria	No change
Parasitology	Identification of parasites	Microscopic ID of parasites
	Giardia/Cryptosporidium antigen detection	Antigen ID of parasites
	Identification of Trichomonas only	Molecular ID of genital parasites
	Molecular ID of gastrointestinal parasites	No change
Virology	Molecular ID of gastrointestinal viruses	Molecular ID of gastrointestinal pathogens (viral)
	Human papillomavirus (HPV)	Molecular ID of genital pathogens (viral)
	Molecular ID of respiratory viruses	Molecular ID of respiratory pathogens (viral)
	ID of herpes simplex virus (HSV) and related viruses	Molecular ID of herpesvirus-related viruses
	Respiratory virus (Influenza and RSV) direct detection	Antigen ID of respiratory pathogens (viral)
	Rotavirus direct detection	Antigen ID of gastrointestinal pathogens (viral)
	Culture ID of viruses Molecular ID of meningitis pathogens (viral)	No change
